Re: Interstate Common Line Support (ICLS) Projection Data Submission

Attached for your information is the study area-specific ICLS-related data that NECA submitted to the Universal Service Administrative Company (USAC) on your behalf on March 31, 2004. NECA provided data necessary to project ICLS amounts for all rate of return carriers participating in the Common Line pool. The projected cost and revenue data submitted applies to the period July 1, 2004 through June 30, 2005. As provided under FCC rules, NECA has requested that the projected cost and revenue data be treated as confidential, and withheld from public inspection.

Please note that, although we included a preliminary ICLS amount in the data provided to USAC, which is shown on the attached form for your information, this amount is not the "official" ICLS amount for your company. USAC will ultimately calculate ICLS based on the data submitted on March 31<sup>st</sup>.

If you have any questions, please contact your Region Member Service Team.

Sincerely,

cc: Authorized Consultants
